New Brunswick, NJ

EDUCATION

Rutgers University
Bachelor of Science in Computer Science
Expected Graduation: May 2028
GPA: 3.8

SKILLS

Languages:
Python, Java, JavaScript, SQL
Frameworks:
React, FastAPI, Flask
Tools:
Git, GitHub, VS Code, Jupyter Notebook

PROJECTS

Career Interview Copilot

- Built an AI-powered interview preparation assistant using React and FastAPI.
- Integrated Google's Gemini API to answer interview questions.
- Designed a scalable backend architecture using modular services.

World Cup Match Predictor

- Built a machine learning model to predict FIFA World Cup match outcomes.
- Engineered Elo rating features using historical international match data.
- Trained Logistic Regression and Random Forest models using Scikit-Learn.

EXPERIENCE

Software Engineering Intern ABC Technologies May 2026 – August 2026

- Developed internal web tools using Python and JavaScript.
- Collaborated with engineers to improve data processing pipelines.
- Participated in Agile sprint planning and code reviews.

LEADERSHIP

Computer Science Club | Project Team Member

- Worked with a team to build software projects for hackathons.
- Presented technical demonstrations to club members.
